

Philips Color Kinetics

ColorBurst Compact Powercore

Compact architectural and landscape LED spotlight with intelligent color light

[Product page](#)

Beam Angle	8°, 14°, 23°, 41°, 10° x 41°
Lumens*	405 to 498
LED Channels	Red/Green/Blue
Power Consumption	17.5 W

[Custom products information available](#)

ColorBurst Compact Powercore is a high-output, exterior-rated LED lighting luminaire designed for accent and site lighting. Standard format Architectural and Landscape luminaires deliver full-color light output of up to 498 lumens to support a range of dynamic uplighting, floodlighting, and decorative lighting applications.

- Integrates patented Powercore technology—Powercore technology rapidly, efficiently, and accurately controls power output to luminaires directly from line voltage. The Philips Color Kinetics Data Enabler Pro merges line voltage and control data and delivers them to the luminaire over a single standard cable, dramatically simplifying installation and lowering total system cost.
- Support for a wide range of landscape applications—ColorBurst Compact Powercore Architectural luminaires feature an integrated yoke with canopy base for mounting to standard US junction boxes or directly to flat surface. Landscape luminaires feature a 0.5 in NPT threaded post for mounting to standard junction boxes and third-party mounting accessories for use in softscape and hardscape applications.
- Outdoor rated—With a rugged, die-cast aluminium housing fully sealed for maximum luminaire life and IP66-rated for outdoor applications, ColorBurst Compact Powercore is ideal for use in damp or wet locations.

Input Voltage	100 to 240 VAC, auto-ranging, 50/60 Hz via Data Enabler Pro
Housing	Die-cast aluminium, powder-coated finish
Approbations	UL/cUL, FCC Class A, CE, PSE, CQC, C-Tick, SAA
Environment	Dry/Damp/Wet Location, IP66
